

# Kathleen Willett – Mother of all Secrets

This is an Amazon first read. I started this book on 11/26/22. I'm almost 50% done with it in just a few days. I like it (I think..). Kendra read it first so she knows how it ends. Moms group for new babies meets. One of the moms goes missing. One mom goes crazy trying to figure it out but some of the clues point to her as the villain. We shall see.

I finished on 12/6/22. 10 days.

The book *is* called "Mother" of all secrets. Seems there's one more mother that everyone forgot about. She is the one who saves the other moms. Good read, chapters not too long but characters are not that memorable. Not too many characters and the husband...Ugh.

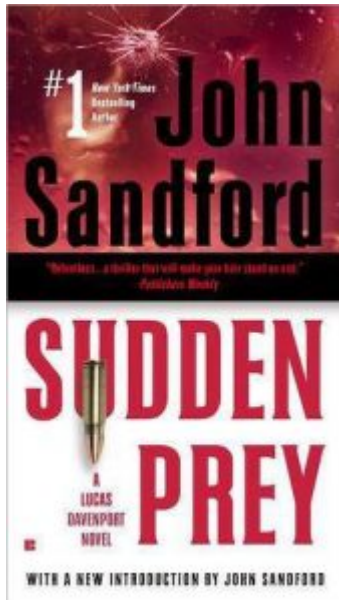

I give this on an 7/10. Didn't not like it.

## Sudden Prey (book 8) – John Sandford

I'm starting this book the same day I just finished another one. 11/9/2022. I'm looking forward to getting back to the story. Lucas's cops gun down three bank robbers. LaChaise

escapes from jail to avenge his wife getting gunned down. He kidnaps Sandy Darling and LaChaise and Dick along with Sandy try and go after Lucas and some other cops. Weather won't hold up in the hotel and LaChaise gets to her in the hospital where she works. It didn't end well for him. Lucas gets his man in the end. I finished this book on 11/25/2022. 16 days to read. Give it a 8/10. Characters were memorable and easy to keep straight.

## Over Hear Dead Body – Susan Walters

Amazon First Read: I started this book on 11/1/2022 and just finished it on 11/9/2022. Good read. Chapters are short, characters are well written and believable. The twists and turns are to many to list. The "Devil" gets her due in the end. I'm giving this book a 8/10 review. I really liked the writing style and story. Ashley (the actress) and her roommate (Jordan) are living together as friends. Ashley is a struggling actress without a break. Until one day her dog runs away to the "Scooby Doo" house down the street. This

puts in motion the story and twists and turns it takes.
