

# We Begin at the End by Chris Whitaker

I actually forget where I heard about this book. I started it on 11/7/21. So far I'm not really that impressed. The writing style is weird with a lot of commas and what seems like afterthoughts. Chapters are too long. Characters are named weird and I'm having a hard time picturing them in my head.

Finished on 11/21/21. Characters, once you get them, are good. The book is ultimately about the inner struggle of good and evil. Duchess, hard knock kid, decides she needs to try and kill the man she thinks killed her mom. She doesn't know the whole story. Star (her mom) is a "slutty" character. Dicke Darke (wow he turns out to be a "good" guy) and Walk, the town sheriff. Walk doesn't want the town to change and does some things that aren't in the best interest of the town OR the people he loves.

Duchess can't do what she wants. It gets done in the end.....

I still didn't really care for the writing style but giving this one a 6/10.
