Freida McFadden ~ One by One

Just finished “Do You Remember” by Freida so I’m sticking the train and reading this one next.
Starting on 3/21/26. Finished on 3/24/26. Yep 3 days.

Claire a mother of 2 and wife for 10 years is starting to hate her husband. She’s having a fling with her husbands best friend. 6 friends book a week away at a resort cabin. Only 2 come back whole 1 of those friends is her husbands best friend.
Characters were very well written. Story line kept me interested the whole time. The chapters were short (ish) and I couldn’t put this one down.

My kind of book. 10/10
