Riley Sager ~ Survive the Night

Started this book on 4/1/26.

Chapters are kind of long. Characters are well written and the story line is suspenseful.
Charlie loses her best friend to the Campus Killer. She's leaving school early and needs a ride home back to Youngstown, OH.
The ride share board where she's looking she meets Josh (or Jake) willing to let her ride with him.
Stories don't line up as they get in the car and during the drive.

Will Charlie "Survive the Night"? Is Josh (Jake) the Campus Killer? Finish it and let me know.

Finished on 4/11/26. Characters well written and story line is really good. Kendra is reading it now and doesn't want to put it down.

I'm giving the book a 8/10. Chapters were a little to long for me.
