Lucinda Berry ~ Keep Your Friends Close

Version 1.0.0

Started this book on 4/11/26 (Vacation book). Finished on 4/19/26.
If I wouldn't have been on vacation I could've finished this book in 3 days. It was really good.
Story around a group of Moms. One of them gets murdered at the "Mom's Only" party. Who did it and why? All the secrets come out in this story. Chapters were short and characters very well written. I could picture them all in my head so it was easy to keep them straight.

Another banger by Lucinda. 10/10
