Kate White ~ Have You Seen Me?

I started this book on 4/21/26 and hope to finish by EOM.

So far I like it. I'm about 5 chapters in. Finished on 4/28/26. 7 days.

You lose 2 complete days of your memory. You show up to a job that you haven't had in 5 years. It's called a "Fugue State". To fill in the missing pieces you hire a P.I. Strange things start to happen and people end up dead.

I didn't really care for it. It was certainly a female book. Maybe they would get it. To many "feelings" and "Inner dialouge" for me.
It kept my attention and I finished it but it wasn't great IMO.
Giving this one a 5/10
