

John Sandford Shadow Prey

Book 2 in the whole series.

Started this book directly after finishing the last one (Silken Prey). Started on 12/2/2021 and hoping to finish before 12/15/21. So far the story line is good but chapters (again) are rather long.

Lucas Davenport is a Detective in this book. The book finished well. I'm writing this late so I don't remember much of how it ended. I just know I liked it. I finished the book on 12/17/21.
