

# Over Her Dead Body – Susan Walters

Amazon First Read: I started this book on 11/1/2022 and just finished it on 11/9/2022. Good read. Chapters are short, characters are well written and believable. The twists and turns are too many to list. The “Devil” gets her due in the end. I’m giving this book a 8/10 review. I really liked the writing style and story. Ashley (the actress) and her roommate (Jordan) are living together as friends. Ashley is a struggling actress without a break. Until one day her dog runs away to the “Scooby Doo” house down the street. This puts in motion the story and twists and turns it takes.
