

# Sudden Prey (book 8) – John Sandford

I'm starting this book the same day I just finished another one. 11/9/2022. I'm looking forward to getting back to the story. Lucas's cops gun down three bank robbers. LaChaise escapes from jail to avenge his wife getting gunned down. He kidnaps Sandy Darling and LaChaise and Dick along with Sandy try and go after Lucas and some other cops. Weather won't hold up in the hotel and LaChaise gets to her in the hospital where she works. It didn't end well for him. Lucas gets his man in the end. I finished this book on 11/25/2022. 16 days to read. Give it a 8/10. Characters were memorable and easy to keep straight.
