

Kathleen Willett – Mother of all Secrets

This is an Amazon first read. I started this book on 11/26/22. I'm almost 50% done with it in just a few days. I like it (I think..). Kendra read it first so she knows how it ends. Moms group for new babies meets. One of the moms goes missing. One mom goes crazy trying to figure it out but some of the clues point to her as the villain. We shall see.

I finished on 12/6/22. 10 days.

The book *is* called "Mother" of all secrets. Seems there's one more mother that everyone forgot about. She is the one who saves the other moms. Good read, chapters not too long but characters are not that memorable. Not too many characters and the husband...Ugh.

I give this on an 7/10. Didn't not like it.
