

Jordan Farmer ~ Lighthouse Burning Book 1

First time reading this author. I started this book on 6/28/23. I'm about 80% done with this book already and really like it. The characters are well written. Chapters are very long, but they seem to go quick.

Harlan Winter (the main character) is living in his home town that is in economic decline. There's no money anywhere. He takes on a job of finding the brother of these two twins who think their older brother goes missing in the "Lighthouse Church".

There's freaky stuff going on at the Lighthouse.

I'm really liking his writing style.

Somehow I got my dates mixed when reading this book. The site on mrice.net isn't accurate for this book but I did read it this year. I gave it an 8 on the site and the day count is probably wrong. I don't remember exactly how many days it took me to read it, but it was good (memorable).
