## Tony Wirt ~ Just Stay Away

**9/8/23**. Amazon First Read. I just finished The Housemaid. Like just now, so this book better keep my attention. Just kidding. I'm going to read it.

**9/17/23**. I finished. Great book. Characters were very well defined and memorable. Craig, a writer is having trouble finishing his book because he has to take care of his daughter Alice over the summer. Levi, a strange rich kid wants to play with Alice. This gives Craig time in the morning to work on his book. Levi "never gets in trouble". He's a bad (very bad) kid. After a few mishaps Craig starts to see a trend with Levi and it's not a good one.

Chapters were short and I feel like I plowed through this book. I didn't want to put it down. Giving a **9/10** rating. **10 Days**.
