

Layne Fargo ~ They Never Learn

TikTok recommended. Started on **9/18/23**. I've read several chapters so far. I like the characters and chapters are on the short side. Written in character chapters so you get a different perspective each chapter. Scarlett is a prof at a university. She sees all that goes on. She's a killer. No shock because it happens in the first chapter. Carly, a shy girl from a bad home is a student.

9/30/23 and I finished the book. Twists were good. Ending was OK. I'm going to give this book a **7/10**.
