

Fredia McFadden ~ Do Not Disturb

I started this book on **10/8/23**. Quinn killed her husband Derek. No shocker it happens on the first page. Derek from what Quinn says was a piece of work.

I finished this book on **10/16/23**. **9 days**. The story was very interesting. Characters were well written. Chapters were short. All sorts of twists and turns. Ending was (I won't say predictable) just OK. The twists are what kept me interested.

Quinn's sister, married to a plumber, doesn't have the greatest life. Quinn does. Derek was having an affair. Quinn actually killed him in self defense.
