

Lucinda Berry ~ Off the Deep End

Started on **2/29/2024** (Yes it's leap year day!).

It's Lucinda so my hopes are very high that this book is as good as the others she's written.

Amber ~ The saved boy's mother

Jules ~ The mother who lost her child

Finished on 3/10/24 (Keaton's birthday). **11 Days.**

Wow. The twists and turns in a Berry book....I didn't see it coming.

Isaac, the boy who lives struggles with survivors guilt. He and Jules have a relationship apart from Therapist and client. Jules isn't all there either though. She struggles with disassociative disorder. Amber and Mark (Isaac's mom and dad) struggle to keep him from going...Off the Deep End.

I'm giving this book a **10/10. I loved it.**

Heather Levy ~ Hurt for Me

Amazon first read. Started on 2/22/24. Never read the author before. Finished on 2/28/24. **6 Days.**

Daaaayyyyyuuuummmmm! I've got to see what else this author has written.

Rae, a dominatrix had a hard life, she was trafficked and mom didn't want her. Her friends passed and then when she was 8 months pregnant the couple that took her in wanted to steal her baby. Jump ahead and back. Chapters were short and characters were very well written. Giving this book a 10/10

Dean Koontz ~ The Bad Weather Friend

This is an Amazon First Read book. Long time relationship with this author. I've read a lot of his books. I started this book on 2/4/24. Finished on 2/22/24. **19 Days.** I didn't really care for this book. It was long. Characters were really well written but some of the chapters were really long. I wouldn't recommend. Giving this book a 6/10

Benny, an always *nice* guy has his life turned upside down by a group of people because he is too nice. Harper Harper (Yep that's her name) and Spike (the craggle) is on his side and protects him. He lived through some horrific things both in his adult life and his childhood. It was just OK.

MRM ~ Gerry's Peachy Mulligan

1/5/24 (Day 1)

4 lbs fresh peaches from Rita Smith
1 tsp Fermaid-0
1/2 tsp Pectic Enzyme
1/2 tsp Tannin
3.16 lbs Trader Joe's Mesquite Honey
More than a gallon of spring water
S.G. = 1.072

1/6/24 (Day 2)

2 tsp DAP Nutrient

1/8/24 (Day 4)

1 tsp Fermaid-0

1/11/24 (Day 7)

S.G. = 1.000 (It's DONE!)
2 lbs thawed fresh peaches in bag
1 Campden tablet

1/19/24 (Day 15)

Stirred peaches. I think it may need some stuff added to secondary and clearing.

1/24/24 (Day 20) Stabilized

1/2 tsp Metabisulphite
1 tsp Potassium Sorbate

Racked into new bucket off the peaches. Gonna cold crash for a few days. May need more tannin and back sweetened. **9.5% ABV**

2/12/24 (Day 39)

Racked into bucket. S.G. = 1.000. Back sweetened to 1.020 and 1/4 tsp vanilla extract. Tastes good. Gonna bottle in a

few days.

2/16/24 (Day 43)

Bottled today. It's NICE! Peachy and sweet.

MRM ~ Gil Evan's Cool Acerglyn

First Mead of 24!!!!

1/4/24 (Day 1)

2 lbs Golden Lake Honey

1.95 lbs Maple Syrup from farmers market (Left some for back sweetening)

1/2 tsp Tannin

1/2 tsp Fermaid O

Lalvin QA23 Yeast (rehydrated in spring water)

Spring water

S.G. = 1.100 (13.3% if it goes dry)

So I originally had this in a glass carboy but the S.G. was way to high. I moved to a fermenting bucket to add more water. I've got over a gallon of must. I pitched the yeast.

No other ingredients today.

1/6/24 (Day 3)

2 tsp DAP yeast nutrient

1/8/24 (Day 5)

1 tsp Fermaid-0

1/11/24 (Day 8)

1 tsp Fermaid-0

1 campden tablet

S.G. = 1.030

1/19/24 (Day 15) Stabilized

Well I messed up. I racked into clean carboy and stabilized. I thought we were further along. I didn't even take a gravity reading. Shoot. Well I got a completely full gallon and then racked 1 more bottle into swing top. (That swing top is NOT stabilized!!!) Shoot!

2/12/24 (Day 39)

Racked into bucket. S.G. = 1.000

Back sweetened to 1.020 with rest of maple syrup.

1/8 tsp Acid Blend

1/4 tsp Salt

1/2 cup French oak chips to mellow for 3 days

Flavor is bitter, but somehow still sweet. It reminds me of a whiskey.

2/16/24 (Day 43)

Bottled today!!! Still a bit "hot" and has a slight burnt rubber taste. Gonna let it age for a year and see how it tastes.

MRM ~ Tatum's Black Currant Masterpiece #5

10/16/23

MRM ~ Tatum's Black Currant Masterpiece #5

1 Gallon batch recipe:

28 oz Rebina Black Currant concentrate

1 tsp acid blend

1/2 tsp wine tannin

3 lbs plain white sugar

Lalvin RC212 yeast (**16% tolerance**)

Crystal Gyser water

Mixed all ingredients and topped to 1 gallon with water. **O.G. = 1.140 (potentially 18.8 if goes dry)**

This is obviously NOT a mead. It's made with sugar instead of honey. It's technically a wine. Just a nice experiment and we shall see how it turns out.

This is not the week we studied Art Tatum but we rated him pretty high so I wanted to do him some justice with this wine.

10/31/23 (16 days)

It's fermenting nicely. Not much activity in the airlock but a little. Couple more weeks and I'll open it up and taste it. It's clearing out OK though.

11/10/23 (26 days)

OMG I tasted this today and OMG!!! It still has a lot of residual sugar but it feels good in the mouth and is sweet. The black currant shines through nicely. It's not hot at all. I didn't take a gravity reading yet.

11/21/23 (37 days)

Um....I took a gravity reading today and it may have stalled.

I added:

1/2 packet 71B

1 tsp yeast nutrient. **S.G. = 1.108**

12/1/23 (47 days)

It's not fermenting at all. I may try to add this to another gallon of mead or something to see if I can at least use it for something. Still at 1.108 (yes 1.108)

12/22/23 (68 days)

I added more nutrient. It's still fermenting cause it's down to 1.090. This is just a very slow fermentation. It may be June before I get to bottle this.

1/11/24 (a whole lotta days)

S.G. = 1.072

Sweet, good mouthfeel but not very tasty.

2/12/24 (Even more days)

Not good. I actually dumped it. There was NO saving this one.

Natalie Barelli ~ Finders Keepers

Must be an Amazon First Read. It's not in

Caliber library. First time reading the author. I just finished Mike Omer's "Please Tell Me". Starting this book on 1/24/24. **2/4/24** and I finished the book. **12 Days**

Rose, the troubled youth (but not really) is in love with one of her teachers. She's keeping a diary on the laptop that the teacher loaned her. Rose loses the laptop and Emily finds it. Emily publishes the diary as a book. Rose poses as "Iris" to get the laptop back from Emily. Rose is scared because she thinks she killed her teachers wife. Did she? Read the book and find out.

I liked the book, characters were well written. I could totally picture Emily and how "crazy" she was. Rose, I didn't have a picture in my head of what she looked like, was well written. I'm giving this book an 8/10. Kendra is reading it now.

MRM ~ Schneider's Strawberry Pt.1

12/1/23 (Day 1)

4 lbs Frozen Strawberries
1/2 tsp Pectic Enzyme
1/2 tsp Wine Tannin
1/2 tsp Acid Blend
10 grams Fermaid O
5 lbs Golden Lake Honey
2 tsp Bentonite clay
1 packet D47 yeast

O.G. = 1.080 10.6% ABV (possible if goes dry)

Mixed all ingredients. It's a little more than **2 gallons** so that when racking I should get 2 full gallons.

(This is made BEFORE we listened to Schneider's work, but I think she's gonna be good and I think this mead is going to be good)

12/4/23 (Day 3)

I added 1 tsp Yeast energizer and stirred (with sanitized spoon).

12/28/23 (Day 27) Stabilized

1 oz oak chips
1 tsp Metabisulphite
1 tsp sorbate
1 campden tablet

Racked off strawberries

1 Tbsp Sparkolloid mixed with 1 cup boiling water and stirred

S.G. = 1.000

1/11/24 (Day 45)

Added 4 lbs thawed strawberries in a bag. Not much mouthfeel and not much strawberry flavor at all. Hoping strawberries in secondary changes that.

1/19/24 (Day 53)

Stirred strawberries. I think it's read to rack and clear.

1/24/24 (Day 58)

Racked into new bucket. Back sweetened to 1.030 with Lehua Honey. Gonna cold crash outside for a couple of days. **10.6**

ABV

Initial results: M: 8.5 K: 7

Labels created at work. Will print at work.

1/27/24 (Day 61)

Labels printed and bottled today. It's really hazy and not even clearing in the bottle. It's sweet and tastes like a strawberry.

Mike Omer ~ Please Tell Me

Amazon First Read. Started on 1/15/24. I really like his style of writing so I think this may be a good

one. 1/24/24 and I finished the book today. I couldn't put it down. It got to the sweet spot where everything started coming together and just WOW!

Robin, a single woman therapist, is helping a kidnapped victim. The doll house is giving her clues. Kathy, the victim, doesn't speak so all the clues have to come with how she plays with the doll house. Nathaniel, a cop, is helping Robin with finding the kidnapper. This one was pretty dark.

I liked the book a LOT! Giving this one a **9/10**. **9 Days** to complete.

MRM ~ Nelson's Chocolate Orange

12/1/23 (Day 1)

2 lbs Golden Lake Honey

2 tsp Sweet orange peel

4 g Fermaid O

DV10 yeast

O.G. = 1.074 9.8% possible

Spring water up to (a little more) a gallon

Mixed all ingredients, shook the bejesus out of it and pitched yeast.

12/4/23 (Day 3)

I added 1/2 tsp yeast nutrient and shook.

12/22/23 (Day 21) Stabilized

1/2 tsp metabisulfite

1/2 tsp Sorbate
1/2 cup Nibs toasted at 350 for 10 minutes
1 campden tablet
Racked

12/28/23 (Day 27)

Chocolate comes through nice. Needs more orange flavor and sweetening. Added 1/2 oz more sweet orange peels.

1/4/24 (Day 34)

Racked off orange peels and nibs. Added about 1 cup orange juice and 1 pound of Trader Joe's Organic Unfiltered Honey from Uruguay. Gonna let it oak for about a week. F.G. = 1.041 after back sweetening. **9.8% ABV.**

1/17/24 (Day 47)

Bottled today. I got 3 full bottles and 5/8 of a small bottle. Labels printing at work and will label tonight.
